

# Dan Holmes

## Objective

My goal is to acquire an internship position that can help develop my engineering skills and also provide me with valuable working experience.

## Employment

Fall 2003 to Current                      **NFSC**    Moscow, ID

### **Undergraduate research assistant**

- Became proficient with Cadence: layouts and schematics
- Chip testing

Summer 2002                                      **Avista Labs**    Spokane, WA

### **Student Spec Tech Level 2**

- Designed/edited parts and engineering drawings using PRO/E
- Developed web page to standardize part naming conventions company wide
- Tested assembly parameters for prototype fuel cell
- Produced technical drawings for sheet metal part production

Summer 2001 and 2003                      **Avista Utilities**    Spokane, WA

### **Student Spec Tech Level 1 and 3**

- Became proficient with GIS utilities: MMedit, Smartmaps
- Researched and located gas services for mapping purposes

Spring 1999 – Fall 2000                      **Pawn 1 Inc.**    Spokane, WA

### **Assistant Manager**

- Appraised merchandise
- Wrote collateral and payday loan contracts
- Customer Service

## Education

Fall 2002 - Current                                      **University of Idaho**    Moscow, ID

### **Bachelor of Science in Electrical Engineering; Business Minor**

- 3.35 GPA
- Deans List Fall '02, '03
- Currently enrolled Applications of Electromagnetic Theory, Microcontrollers, Signals and Systems, Ethics, and Business Management.

Fall 2000 – Spring 2002                      **University of Washington**    Seattle, WA

### **Electrical Engineering / Pre-Engineering**

- 3.2 GPA
- Completed Pre-engineering curriculum

## Important Skills

Highly personable, well spoken, analytical thinker. Well developed computer skills; highly adaptable to new software.
