2/18/08: Project Ideas

- Discussed project Ideas
  - Home Automation System
  - Sprinkler System
  - Car controller
  - Traffic Light System

- Problems
  - Contest is judged on how practical design is, therefore the outcome must justify the price.
  - Home Automation System: Too expensive to buy unit for these simple tasks
  - Car Controller: Too expensive to buy unit for these simple tasks (even less tasks).
  - Sprinkler System: Too expensive for small systems, but could work for large property owners (farmers).

- Decision
  - Traffic Light System

- Tasks
  - All team members were given the task of researching the traffic Lights and possible options.
