Logbooks turn-in: snap-shot day 3/10/09

- Tyler: set up time for website review before snap-shot

- We will be in power lab for snap-shot (GJ 104)

- Prepare written instructions for add-ons

- Contact Matt for line follower kit parts

- Snap part size: full, half, quarter: 8, 4, 2 (inches)
- Corners: 2D (x - y), 3D (x, y, z) - positive only

- Minimum snap size: different shapes? (oblong, rectangular, etc)
  - Try only one tooth instead of two
  - Draw them, print them, test them, do not over analyze
